# KATO RUBBER CO., LTD.

EST. 1920

## ABOUT US

We will celebrate our 100th anniversary in 2020, and are currently engaged in the tire wholesale business.

We have continued to provide products that meet the needs of the times, centering on rubber-related products. Our company used to sell rubber boots, and since then we have been doing retreaded tires and automobile tires. Currently, we mainly sell lawn tires imported from overseas and tires for maintenance equipment, as well as wholesale sales of construction machinery, agriculture, aircraft tires, etc.

## Service 1

We will reply the delivery date and price by FAX, EMAIL, or telephone.

(Items that can be arranged will be shipped from one tube to all over Japan.)

## Service 2

It is also possible to inquire overseas about items that are not available in Japan.

## Service 3

We will also introduce substitutes for items that are not in stock.
